## SUFFER FROM HEAT.

Scores of Gen. Hall's Men Drop Out on the March to Morong.

Many Filipinos Escape by Changing Their Uniforms to Citizens' Clothing—Sultan of Sulu Shows Fight—Other News of the Soldiers.

Manila, June 7.—The American forces have occupied the peninsula and Gen. Hall's column is encamped at Morong. Maj. Truman, marching across the Bijnangnan, found it impracticable to form a cordon and the insurgents, with the exception of a hundred or two, escaped through the mountains after Gen. Pío del Pilar, dragging their battery by buffaloes at night. A few, however, may be trapped. The Washington troops have returned to the Pasig, but the programme of the other troops is uncertain. The present expedition shows the difficulty which is encountered by an army which must depend upon wagon trains in catching barefooted bandits in their mountains and also gives proof that the rebels do not intend to fight battles.

Gen. Hall left Santa Teresa Monday morning and marched 12 miles to Morong, up and down rocky hills and through woods and swamps. Scores of his men fell out owing to the extreme heat and were left to follow as best they could.

On the way to Morong the Americans met flocks of Filipinos and flags of truce, many of them young men with the bearing of soldiers. Many discarded uniforms were found in the houses, apparently those of soldiers who had escaped by changing their costumes from "insurrecto" to "amigo," and walking boldly past the army, which had expected to corral them. Few were found about Morong, one member of the Washington regiment was killed and two were wounded in the encounter with the outposts.

The Sultan of Sulu to Fight.  
New York, June 6.—A dispatch to the New York Journal from Hong Kong says:

The sultan of Sulu, who it was supposed was favorably disposed toward the United States, has imported a large quantity of arms from Singapore by way of Sandakan, with a view of resisting the Americans. The arms he has stored on the island of Sulu and he is raising a force of Sepoys at Sandakan. It is believed that the decision of the sultan to fight the United States is the result of a mission to Singapore in April. Judge Henry Grimes has a suit in the supreme court against Aguirre, a Filipino attorney, Aguirre and Liebano, for \$20,000, which he alleges is one-fourth of the profits of the Aguirre expedition, to which he is entitled.

Chief Receptions.  
Washington, June 5.—The war department has received the following cablegram:

Manila, June 2.—Adjutant General Washington: Under war department directions, May 6, approved report of board on proper components of ration. It recommends the ration be increased, but modified ration ration as follows: Issue fresh beef and bacon two days, one day's salmon in lieu of beef if desired; reduction ration one-half beef and four to six ounces rice, two dried fruits in lieu of beef, two ounces meat in lieu of rice, no savings; issue beans, rice, fresh vegetables, coffee, tea continued in quantities as at present. Sugar ration increased to 20 pounds with sirup in lieu as now authorized for use with coconut or dried fruit; if desired, vinegar reduced one-half; pickles substituted, no other modifications, full report mailed.—Orie.

It is a matter of congratulation to the department that there is no radical change recommended. The opinion having been all along that the present ration, which is the result of 100 years' experience and experiment, is the most scientific and satisfactory that could be obtained. Other reports on the same subject have been called for from the several departments but that from Manila is the first to be received.

No Call for Volunteers Now.  
Washington, June 3.—The cabinet at its meeting yesterday decided that there was no present necessity for the enlistment of volunteers. The situation was gone over very fully before this conclusion was reached. The president stands ready at any time it may appear necessary to authorize the enlistment of the volunteers should more men be deemed necessary, although hoping that such a contingency may not arise.

Gen. Orie is to be given the 30,000 men for whom he asked. The additional 6,000 or 6,000 troops to make up the 30,000 are to be taken from the regulars now serving in Porto Rico, Cuba and this country. The rainy season is now on in the Philippines and aggressive field operations will have to be suspended for a couple of months at least.

Criticizing the Natives.  
Manila, June 4.—The Philippine commission last night gave one of the most brilliant balls Manila has ever seen. It was one of a series of entertainments intended to foster friendship between the Americans and the natives. The newly appointed judges, Gen. Orie, a number of other American officers and many wealthy natives were present.

There was a display of gorgeous native wares and many jewels were worn, and the array of handsome women surprised the Americans.

Recommendations More Concise.  
Washington, June 7.—President Schurman of the Philippine commission, in a dispatch to Secretary Hay has recommended more liberal concessions to the Filipinos, with a view of ending the insurrection at once. An official acquainted with the message said it reviewed the situation in the island and was of encouraging nature.

The Oregon Regiment to Leave.  
Washington, June 6.—Gen. Orie advises the war department that the Oregon regiment will leave for the United States this week. It will be sent direct to Portland, Ore., for muster out at Vancouver barracks.

## WAS A NOTABLE OCCASION.

Diplomatic Relations Resumed With Spain, After a War That Has Changed the Map of the World.

Washington, June 5.—Diplomatic relations with Spain, broken off April 21, 1898, were formally resumed at 11 o'clock Saturday when President McKinley greeted Don d'Arco, the newly accredited minister to the United States, in the blue parlor of the white house. Simultaneously in Madrid, if the programme arranged was carried out, Bellamy Storer, the new United States minister to Spain, was being presented to Christina, the queen regent during the legal minority of his Catholic majesty Alfonso XIII. It was a notable occasion in the world's history—the resumption of friendly relations between two nations which had been at war and in the brief struggle had changed the map of the world.

Altgeld Will Be Bryan's Manager.  
Louisville, Ky., June 5.—John P. Altgeld intends to be free from any official connection with the democratic committee when he takes up the cudgels for Bryan and sixteen to one. His selection by the Ohio Valley Bimetallist league as leader of the co-operation in behalf of the Nebraska and free silver was followed by the declaration of his intention to resign from the ways and means committee of the democratic national committee. It is asserted that Altgeld will be Mr. Bryan's political manager.

He Was "Just Tired of Life."  
Kansas City, Mo., June 6.—Robert A. Dunning put an end to his life last night in his room above the Diamond drug store at 908 Main street. He was a painter and had steady work at \$2.50 a day; he was young, he had good health, he had many friends. But life had grown uninteresting to him. He could find nothing to amuse him and so he decided to be rid of his life. He had no special reason for this, as he told his landlady—he was just tired, just dull and stupid and he wanted to be rid of the worry of living.

Robbers Secured Only \$700.  
Cheyenne, Wyo., June 5.—The posses which started in pursuit of the six robbers who robbed the Union Pacific mail train near Rock Creek Friday morning, have thus far been unsuccessful in the search. Every avenue of escape is now closely guarded and the capture of the robbers is expected. Manager Gentsch of the Pacific Express company stated that the robbers secured about \$700 in cash and a few articles of small value.

Woolgrowers Are Turned Down.  
Washington, June 7.—Commissioner Hermann, of the general land office, decided to refuse the request of the woolgrowers of Utah and Wyoming for a modification of his former order prohibiting the grazing of sheep on the Utah reservation in Utah. The reservation contains 875,000 acres and there were petitions from the owners of about 2,000,000 sheep for the opening of the reservation to them.

Big Mexican Loan Floated.  
Berlin, June 5.—A dispatch received from Paris says that the negotiations with the Mexican minister of finance for the conversion of the entire external debt, have been concluded and that a five per cent loan for the nominal amount of \$20,000,000, guaranteed by the customs, redeemable in 45 years and convertible for ten years, has been taken by Berlin, Paris, London and New York bankers.

Ohio Republican Convention.  
Columbus, O., June 3.—The Ohio republican convention yesterday nominated Judge George K. Nash, a Hanna man, for governor. The platform contains resolutions lauding President McKinley and denouncing trusts and pledging the party to enact such legislation "as will prevent the formation and operation of such iniquitous and dangerous combinations."

Feston, Hale and Smith to Come Home.  
Washington, June 4.—When the volunteers are withdrawn from the Philippines Gen. Funston, Gen. Hale and Gen. Smith will be ordered home for muster out. It was to meet this prospective reduction in the number of generals serving in the Philippines that the brigadier generals, Bates, Young, Grant and Schwan, were ordered to the Philippines.

Olathe Man Shoots His Young Wife.  
Olathe, Kan., June 6.—Frank Owens shot his 17-year-old wife, whom he married two years ago, three times last night because she refused to live with him. The shots took effect in her back and breast, but she still lives. The wife's father tried to interfere and Owens pointed a revolver at him and backed out of the house and escaped.

Fredrick Rise in Agricultural Implements.  
Chicago, June 7.—Farmers and retail dealers in agricultural implements will have to pay more for their plows, harrows, seeders and implements of a kind nature in the future. At a meeting of manufacturers of these implements of farm industry, held yesterday, it was decided to make a general raise in the price of all agricultural implements.

Hot Weather Record Broken in New York.  
New York, June 7.—The record for the hottest day in New York since the establishment of the weather bureau was reached yesterday. From early morning, when the thermometer stood 75, until late in the afternoon the mercury went steadily up. At three o'clock it reached 85. On only two June days in the past 15 years has the temperature reached anything like it did yesterday.

## TO SUCCEED MR. REED.

Congressman David B. Henderson, of Iowa, Has Enough Votes Fledged to Secure the Speakership Nomination.

Chicago, June 5.—The Record to-day says: Congressman David B. Henderson, of Iowa, received enough pledges by telegraph and mail to give him 100 votes in the republican caucus when it meets in Washington. As 90 votes constitute a majority of the republican representation in the house, Col. Henderson has secured the nomination.

COL. DAVID B. HENDERSON.

derson has nine to the good and more states to hear from. Word came to Chicago yesterday that James S. Sherman and Seneca E. Payne, New York's rival aspirants for the speakership, will withdraw from the contest in a few days, thus making Col. Henderson's election unanimous.

## CONFESSES TO FORGERY.

Maj. Esterhazy Declares He Wrote the Famous Borden Case Upon Which Capt. Dreyfus Was Convicted.

London, June 4.—The Chronicle says that Maj. Esterhazy called at its office last evening with a confidential friend, and, after declaring that the time had arrived when the whole truth should be told, although hitherto by reason of constant orders and inducements he had kept silence on the essential point, made the following statement: "The chiefs of the army have disgracefully abandoned me. My cup is full and I shall speak out. Yes (raising his voice and shouting) I wrote it. I wrote the Borden case. I wrote it upon orders received from Sandherr. It was the Borden case that convicted Dreyfus. Esterhazy says he has proofs to convict many persons, including French generals.

Dreyfus Military Rank Restored.  
Paris, June 6.—The cabinet council decided that the French cruiser Sfax should proceed immediately and bring Dreyfus from the Isle of Devils to France. The cruiser is expected to arrive at Brest about June 26, when Dreyfus will be handed to the military authorities and lodged in the military prison at Rennes. His conviction having been annulled by the united chambers of the court of cassation, his military rank and title are restored to him.

Transatlantic Congress.  
Wichita, Kan., June 8.—The Transatlantic Commercial congress closed yesterday. Resolutions were adopted urging congress to lend federal aid to state irrigation projects; subsidies for merchant marine; against grain freight rate discriminations; favoring an appropriation of \$3,000,000 by congress for the St. Louis exposition in 1903; statehood for all the territories; "free homes" and the opening of Indian reservation lands. A resolution was also adopted endorsing the government's action in the Philippine islands and lauding the army and navy.

Three Girl Students Drowned.  
Lebanon, Ill., June 7.—Miss Ruth Jepson, of Lebanon; Miss Florence Spies, of St. Jacob; and Miss Helene Jack, of Beaumont, Ill., students of McKendree college, were drowned in Silver creek, two miles north of here, yesterday afternoon. The young ladies were members of a party of six, who had planned a trip to Blue Bend, on Silver creek, about two miles north of Lebanon. They were in bathing when Miss Jepson got beyond her depth. The other two girls went to her rescue and all were drowned.

Will Not Be Buried at Sea.  
Washington, June 3.—Requests have come to the war department that no persons dying on transports coming to or going from the United States to Manila shall be buried at sea. The secretary of war has taken this matter up and an order to that effect has been issued. For this purpose it has become necessary to detail an expert embalmer for duty on each transport. The department has sufficient number of these men already in the service and the assignments have already been made.

Congressman Bland No Better.  
Lebanon, Mo., June 7.—Congressman Bland's chance for recovery is far from reassuring. The nervous prostration from which he suffers most is increasing and his strength is rapidly falling. Paralysis is found by his physicians and they admit the outlook is very grave. Mr. Bland experiences great difficulty in breathing. The constant loss of sleep and extreme nervousness is telling on him.

Dewey Will Not Visit England.

## WORKED A CLEVER RUSE.

Two Young Men Got \$3,000 Cash from a Bank in Louisville by Means of a Forged Check.

Louisville, Ky., June 7.—The German Insurance bank of this city was victimized out of \$3,000 by two well-dressed young men who worked a neat game. Just before the hour for closing the bank the assistant cashier of the German Insurance bank was rung up by the telephone and asked if he could accommodate the Citizens' national bank with \$3,000 in currency. On being answered in the affirmative the inquiring party said he would send two men around to get the money. Shortly afterward two young men appeared at the bank with a check for \$3,000 bearing the supposed signature of the cashier of the Citizens' national bank. The assistant cashier, suspecting nothing wrong, counted out the money to the two young men, who were profuse in their thanks and then accepted the money. When the check reached the clearing house it was discovered to be a forgery.

## PERISHED IN THE LAKE.

Two Boats Containing Drunken Indians Upset Near Laggan, in the Rocky Mountains—Thirty Were Drowned.

Vancouver, B. C., June 6.—A terrible accident occurred whereby 30 Indians met death by drowning near Laggan, in the Rocky mountains, on the line of the Canadian Pacific railway. They were crossing the famous Lake of the Clouds when two canoes were upset and all their occupants sank. The lake's waters are ice cold, coming direct from the glaciers. This is the season for the holding of "pot latches," or the annual feast of the Indians, and at break four large war canoes, with about 15 men in each, started across the lake to the great "pot latch" ground on the other side. The Indians had been drinking during the night and not one of the boats had a half tidy crew.

## BOLD DAYLIGHT ROBBERY.

Thieves Entered the Home of James H. Campbell in Kansas City and Got Away With About \$1,500.

Kansas City, Mo., June 7.—Robbers made a risk when they gained an entrance to the residence of James H. Campbell, at 1036 Brooklyn avenue, at ten o'clock yesterday morning and made away with \$1,500 in currency, a United States gold-bearing bond of the value of \$100 and about \$500 worth of diamonds and jewelry. The story related to the police by Mrs. Campbell is that the robbers entered the house while she and a number of other ladies were in the parlor. The house was wide open at the time. The thieves encountered no difficulty in gaining an entrance, and they performed their work so quietly that the theft of the money and diamonds was not discovered until nearly an hour afterward.

This buoy thrown from Andrea's balloon July 7, 1897, 10:55 p. m. Greenwich time 82 north, 23 east. We are at an altitude of 600 meters. All well.—Andrea, Strindberg, Froenckel." The balloon, thus had only traveled seven hours and 50 minutes when the buoy was thrown out.

For the Cable to Germany.  
Washington, June 7.—The final details have been arranged for the laying of the cable between the United States and Germany, the last step being a satisfactory arrangement concerning government messages and rates of cable tolls. The authorities here have been informed that the actual work of laying the cable will begin during the present summer months, so that the first message may pass over the line during the coming fall.

The Pure Food Investigation.  
Chicago, June 7.—Senator Mason was again the sole member of the pure food commission to-day. Scientists and makers of butter and beer and wine testified. Dr. Prayn Stringfield, of the Northwestern university, declared that salicylic acid is almost universally mingled in the beer drunk in this country. He said he knew of cases where death was directly traceable to this.

Little Says Trusts Will Be the Issue.  
Kansas City, Ark., June 3.—In announcing his candidacy for the United States senate Gov. Jones says he is in favor of radical legislation to wipe out trusts. While still adhering to free coinage of silver he says the extirpation of trusts will be the main issue with the American people in 1900.

Decide to Support Mr. Henderson.  
New York, June 7.—A conference of republican congressmen of New York state to decide upon a candidate for the speakership of the house of representatives was held at the Fifth Avenue hotel to-day and resulted in a decision to support David B. Henderson, of Iowa.

## FOR A RESERVE FUND.

Important Changes to Be Made in the Laws of the Modern Woodmen—More Territory to Be Added.

Kansas City, Mo., June 7.—The head camp of the Modern Woodmen of America, during its first day's sessions held in convention hall yesterday decided two matters of great importance to the order and one which is scarcely of less interest. The most important action taken was at the night session when the camp voted for the formation of a reserve fund of some kind, the particular class of reserve fund to be decided before the final adjournment is taken this week. The action next in importance was the adoption of the recommendation of the committee on laws that the order be extended into the states of California, except the city of San Francisco; Colorado, Oklahoma, Indian territory, Maryland, except the city of Baltimore; Delaware; New Jersey, except Jersey City; New York, except the city of Buffalo and the city of Greater New York; Connecticut, Rhode Island, Massachusetts, except the city of Boston; Vermont, New Hampshire and Maine. The third question, and one which excited scarcely less interest and brought out a debate which was fully as warm, was the re-adoption of the rule which makes ineligible for membership any man who is "engaged in the manufacture or sale of malt, spirituous or vinous liquors as a beverage, either in the capacity of proprietor, stockholder, agent or servant."

Speaking of the growth of the Modern Woodmen of America, Head Clerk C. W. Hawes said:

Last year our gains in membership surpassed all previous records. We now have, as the membership statement for the month ended May 31 shows, a total of 301,000 members, and certificates outstanding (admissions not reported) to the number of 15,000, which made the grand total membership 316,000 on May 31. During the month of May, alone, our society chartered 181 new camps. There were, on May 31, a total of 2,000 camps, and Germany under takes to defend these stations in case of war. Germany, in addition, grants Spain the most favored nation treatment in Germany and in the colonial islands.

Belittled by German Press.  
Berlin, June 6.—The general tone of the press in commenting upon the acquisition of the Caroline, Ladron and Felsen Islands from the Spanish government is in the direction of belittling the value of the concession. The Freisinnige Zeitung, which calls them "our new and worthless colonies," says: "A prize would have to be offered to discover which of the three groups is the most valuable. Germany is paying for colonies that nobody else wanted."

Women Flocking to London.  
New York, June 7.—The departure of Mrs. May Wright Sewall, of Indianapolis, on the Bremen, Thursday, marks the exodus of American women to London for the quinquennial meeting of the International Council of Women which will open Monday, June 26, and continue until Wednesday, July 5, inclusive. As present vice president and prospective president of the international council, Mrs. Sewall naturally leads the 100 American women who will attend and in most cases participate in this convention of world-wide import.

Dr. Greene Loyal to William Jewell.  
Liberty, Mo., June 7.—At the conclusion of the annual address to-day at William Jewell college it was announced that President J. P. Greene would remain at the head of the college and not go to the Southern Baptist Theological seminary at Louisville, Ky., to the presidency of which he was called last month. The announcement was also made that the board of trustees would increase the endowment fund of the college \$200,000 for more buildings and for the improvement of the campus.

Gomez Fleets for France.  
Havana, June 7.—Maximo Gomez, the former commander-in-chief of the Cuban army, issued his farewell manifesto yesterday. He earnestly pleads for patience on the part of the Cubans until the military and civil affairs are properly adjusted. He says the Cubans must devote themselves to pacific labors. Soldiers are no longer needed, he says, but men are wanted for the maintenance of order, so that the boon of self-government will soon be forthcoming.
